**SPR-94-2 GP-Orange**

**Water-based Edge/End Paint**

**DESCRIPTION**
SPR-94-2 GP Orange is a water-based paint specifically designed to meet the mill’s need for edge and end painting of plywood panels. Apply the paint as supplied, by airless sprayer or pressurized applicator at a proper film thickness. For porous wood or higher performance increased film thickness is advised.

**WHERE TO USE**
- Edge Sealing Plywood and OSB
- Plywood and OSB Plants

**FEATURES AND BENEFITS**
- Bright Clear Color
- Easy Application
- Environmentally Sound

**PACKAGING**
Totes

**SHELF LIFE**
3-6 months when properly stored, Requires agitation before use.

**STORAGE**
Store this product in a clean, dry, shaded or covered environment above 45°F (7.2°C). DO NOT FREEZE.

**APPLICATION**
SPR-94-2 GP Orange is designed to work in airless and pressurized spray systems. Apply one coat of sealer at a wet film thickness of 8-10 wet mils. The film thickness can be adjusted for porous wood or to obtain a higher protection performance. SPR 94-2 GP Orange should be agitated before use. Check with your Willamette Valley Company representative for other directions and recommendations.

**CLEAN-UP**
Clean SPR-94-2 GP Orange from equipment and containers immediately with water. If the paint has dried, hot water and detergent is recommended.

**NOTES**
This product is supplied to the customer in a ready-to-use form. Any addition of water will result in degradation of the product performance.
DISCLAIMER OF WARRANTY

Test results are to be considered as representative of current production and should not be treated as specifications. While all the information presented in this document is believed to be reliable and to represent the best available data on these products, no guarantee, warranty, or representation is made, intended, or implied as to the correctness or sufficiency of any information, or as to the suitability of any chemical compounds for any particular use, or that any chemical compounds or use thereof are not subject to a claim by a third party for infringement of any patent or other intellectual property right. Each user should conduct a sufficient investigation to establish the suitability of any product for its intended use.
