APPLICATION

This product is supplied to the customer in a concentrated form. It is intended to be diluted to 30:1. Additional dilution may result in degradation of the product performance.

Veneer Indicator Ink is used in blow detector systems and can be used in a hand-held Sure Shot sprayer. For other recommendations, please contact your WVCO representative.
USE

VIR is used in automatic systems that detect defects in plywood panels. The product is commonly used to mark loads of veneer for identification.

CLEAN-UP

VIR must be washed with warm soapy water while still wet.

CONTACT INFORMATION

Please see the side bar on the front page for the Division nearest to your location.

HEALTH AND SAFETY

Before handling, you should become familiar with the Material Safety Data Sheet (MSDS) regarding the risks and safe use of this product. To obtain an MSDS please call 800-333-9826 or send an email to: msds@wilvaco.com.

DISCLAIMER OF WARRANTY
