Wil-Pro SP-1160

Interior Door Primer

DESCRIPTION
Wil-Pro SP-1160 White is a water-based, interior grade primer designed for fast drying, high hide, and good sandability. It is formulated for spray application over wood and composite door skins to achieve a smooth finish. Wil-Pro SP-1160 White will provide good adhesion to wood substrates and has good topcoat enamel hold out. The viscosity can be modified for other types of application methods.

WHERE TO USE
• Wood Doors
• Hardboard Door Skins
• Industrial Mill Environments

FEATURES AND BENEFITS
• High Hiding, Smooth Coat
• Strong Adhesion to Wood Substrates
• Fast Dry Times in Mill Curing Environments
• Excellent Sanding and Burnishing Properties

PACKAGING
Drums
Totes
Tank Truck

SHELF LIFE
6 months from delivery when properly stored.

STORAGE
Store this product in a clean, dry, shaded or covered environment between 40 - 80°F (4.4-26.6°C). DO NOT FREEZE.

APPLICATION
Wil-Pro SP-1160 White is specifically designed for spray applications. For other types of application methods check with your Willamette Valley Company representative for directions and recommendation for use.

Top Coat can be dried with conventional air, forced hot air or IR.

CLEAN-UP
Clean equipment before paint dries completely. If the paint has dried, hot water, detergent and scrubbing will be required.

NOTES
This product is supplied to the customer in a ready-to-use form. Any addition of water to reduce viscosity may result in degradation of the product performance.
HEALTH AND SAFETY

Before handling, you should become familiar with the Safety Data Sheet (SDS) regarding the risks and safe use of this product. To obtain an SDS please call 800 333 9826 or send an email to: msds@wilvaco.com.
